**Please return this form to GAC Secretary by email**

Mr Duncan Gray

[sec@glenrothesaeromodellingclub.org](mailto:sec@glenrothesaeromodellingclub.org)

**Note:-** It is the policy of the club to send updates to membership and notices to members using email, however emails shall not be shared with other members or any third party.

Photos and names of members taken at the field may appear on club notice boards and internal blogs although the club will always try to avoid using any names on any external material such as website unless permission is sought.

It is assumed you will accept this club policy unless you specifically do not accept this policy, but then the club may have problems communicating with you

## Further Information

Once you have paid your club membership and submitted the form then the Club requires you to give proof of what association you have joined by sending a copy of your SAA or BMFA documentation. This is required to ensure that you are insured to fly and to ensure that the SAA/BMFA pass on insurance cover to GAC for the clubs governance by the committee and provide insurance for the clubs equipment. This is because all members of the Club must be SAA or BMFA members for them to supply this extension insurance to the club.

## SAA/BMFA membership

SAA/BMFA Membership details and how to apply can be found on their websites at

For the SAA <https://www.saaweb.uk/membership.html>

or

For the BMFA <https://bmfa.org/join-us>

## CAA Registration

The CAA require that everyone has a **Flyers ID** which is free and valid for 5 years but you must complete an online test to confirm you are aware of the current regulations.

The BMFA also have their own test which you can take and get them to ask the CAA for your **Flyers ID**

Everyone over 18 that has a model plane must also get an **Operators ID** and this must be identified on each plane this must be purchased every year via the CAA or again it is possible to get this through the BMFA typically this cost £10:50 per year although cost tend to increase slightly each year.
